The Honorable Rosa DeLauro
Ranking Member
Committee on Appropriations

U.S. House of Representatives
Washington. DC 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Butler County Water Supply District Project in Fiscal Year 2026. The entity to receive funding for this project is The Water Works and Sewer Board of the City of Greenville located at 108 Cedar St, Greenville, AL 36037. The funding would be used to augment and supplement the existing water supply for the City of Greenville Water Works & Sewer Board and the Butler County Water Authority, allowing the underlying Ripley Aquifer formation around the City of Greenville to recharge and recover over time. The project is an appropriate use of taxpayer funds because it will create immediate jobs, support existing water usage demands, and provide dependable water infrastructure to the existing Greenville and Butler County population.

The project has a federal nexus because the funding provided is for purposes authorized by Section 1452 of the Safe Drinking Water Act, 42 U.S.C. 300j-12.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Shomari C. Figures
Member of Congress
